

STEM AMBASSADORS ILLUMINATING FUTURES

STEM Ambassadors are everyday people from real working backgrounds who volunteer their time for free to act as inspiring role models to young people.

They provide a refreshing change to regular lessons and activities and open the door to a whole new world for young people, helping them to see STEM subjects and careers with a fresh perspective and engage their interest and imagination in new ways.

Use STEM Ambassadors in your classroom now!

The STEM Ambassadors programme brings illumination to the classroom and switches on the minds of young people to the potential of STEM subjects and careers. Each Ambassador is registered, trained CRB checked and insured.

Types of activities our Ambassadors have been involved in:

- Speed dating.
- Farm walks.
- Helping deliver and develop workshops including rockets, robots, bridges and buggies.
- After School Science & Engineering Clubs.
- Careers Fairs and Talks.
- Mentoring.
- Assisting with Schemes from the STEM Directories including EESE, CREST Awards, Green Power and Primary Engineer.

Companies currently represented include:

DCAE Cosford, Severn Trent, GKN Auto Structures, NPower. E.ON UK, NHS, Ricoh, Marches Energy Agency, Sir Robert McAlpine, Astra Zeneca, Scott Wilson Group Plc, Shropshire Wildlife Trust, The Ironbridge Gorge Museums.
