The Ironbridge Gorge Museum Trust would like to record its thanks to the Telford & Wrekin Readers Group for their helpful suggestions when producing this document.

Customer comments

If you have any comments to make on the Coalbrookdale Museum of Iron & The Old Furnace Access Guide please write them below, or speak to one of the reception staff, thank you.
• The information given in this booklet is a detailed guide to Coalbrookdale Museum of Iron and The Old Furnace

• The numerals in the guide refer to individual key areas which are also located on the map on the back page.

• Access Guides to all of the Ironbridge Gorge Museums are available free of charge from each reception.

• Coalbrookdale Museum of Iron is housed in the original Great Warehouse of the Coalbrookdale Company. The Museum is on 3 level floors with an accessible lift available from the ground floor. Exhibits in the Museum of Iron include tactile decorative ironwork and digital interactives.

* An accessible lift is available to all floors of the Museum of Iron. The lift is located on the ground floor beyond the introductory story of Iron A staircase is also available from this area.

• The main car park has a level tarmac surface with 6 designated DDA parking spaces. The upper level car park has a rough stoney surface.

• The Old Furnace is an industrial monument housed inside the triangular Cover Building at the far end of the green, situated at the end of a long tarmac path ending in a steep ramp. Full access is possible at ground level but access to the upper viewing platform is by steps only.

• This guide follows a natural route around the Museum of Iron and the Old Furnace, but you may explore the site in any way you wish.

• Refreshments – during main school holidays temporary catering facilities will be located in the Enginuity Court Yard. A new destination café is currently under construction under the Long Warehouse adjacent to the Museum of Iron.

Map of Coalbrookdale Museum of Iron and Old Furnace

Pick up separate Access Guides to Enginuity, the Darby Houses and the Quaker Burial Ground from reception at the Museum of Iron. The Quaker Burial Ground is currently closed to visitors for essential maintenance work. The Darby Houses are subject to seasonal opening.
9 Shop Area and Way Out
ACCESSIBLE
Level tiled flooring. Accessible toilets are situated outside of the main building to the left.

10 Boy & Swan Fountain and the green area
ACCESSIBLE ★
Level access from tarmac car park or block pavement. Access around the Boy & Swan Fountain and across the green area by block pavement leading to tarmac slope and the Cover Building.

11 The Old Furnace
ACCESSIBLE ★
Tarmac slope down to Furnace entrance through single glass door onto wooden floor surface.

12 The Old Furnace interior
ACCESSIBLE ★
Full access around the original Darby Furnace on wooden floor surface. Exit via second glass door or return to the entrance. Follow the tarmac pavement to return to the ramp.

There are several large cast-iron exhibits dotted around the Museum of Iron complex and the Darby Houses and Quaker Burial Ground are nearby. A separate Access Guide covers these sites.

Key to symbols used in this guide:

ACCESSIBLE ★★★
- A Loop system available in the reception area.
- Exhibits in the Museum of Iron include tactile decorative ironwork which provides interest for visually impaired visitors. There is limited interest for severely impaired visitors in the Old Furnace.

LIMITED ACCESS ★★★
- Small steps or uneven surface may limit access for visitors with restricted mobility and access is best achieved with the aid of a helper.

DIFFICICULT ACCESS ★★★★
- Large steps and restricted door widths make access difficult for those with restricted mobility and limited access may be achieved with the aid of a helper.

- Assistance Dogs are welcome on site and into all areas.
- Accessible Toilets are situated off the car park next to the Museum of Iron.

Rest Stops
Seating is available within the Museum of Iron on each floor, please feel free to sit on the period furniture unless otherwise indicated. Numerous benches are situated around the outside green area on the site.
