ACKNOWLEDGEMENTS

Throughout the compilation of this document the Ironbridge Gorge Museum Trust has had support and assistance from Telford & Wrekin Council.

The Ironbridge Gorge Museum Trust would like to record its thanks to the Telford & Wrekin Readers Group for their helpful suggestions when producing this document.

Customer comments

If you have any comments to make on the Jackfield tile Museum Guide please write them below and hand the guide or the page back to the reception staff, thank you.

A detailed Access Guide to Jackfield Tile Museum and Fusion

This Guide contains an overview of Access for:

Visitors with physical and sensory disabilities

Assistance Dogs are welcome at all Museum sites.

www.ironbridge.org.uk
• The information given in this booklet is a detailed guide about access to **Jackfield Tile Museum and Fusion**.

• The village of **Jackfield** was once at the centre of the world tile industry. Jackfield Tile Museum is housed in the original Craven Dunnill factory which dates back to 1874. See, touch and walk upon magnificent British tiles as you wander through the original trade showroom, fascinating galleries and period room settings. Tile workshops are available for all abilities. (Please note additional charges apply to take part in workshops). See and experience the Craven Dunnill factory in operation on certain days and join in a factory tour every Wednesday at 11am.

• **This guide** follows a natural route around the museum, but you may explore the site in any way you wish.

• The un-surfaced main car park creates difficulties for those with mobility impairment. A designated **parking space** is available directly outside the main entrance.

• **Accessible lifts** are available to all floors in the main museum building. The rest of the site is accessible from the tarmac and block paved yard.

• **The Peacock Café** in the entrance, serving drinks and snacks, is fully accessible with moveable chairs.

• **Fusion** is home to a number of independent creative artisans with shops and operational studios open to the public on most days. Fusion has an accessible lift.
